

October 2, 2015

Abel Guevara  
U.S. Department of the Interior  
Bureau of Land Management  
5 Laser Drive  
Glasgow, MT 59230

Dear Mr. Guevara,

I am writing in regards to a position in the Bureau of Land Management, I have a particular interest in working for the BLM as a potential Ranger in the Judith Landing or Fort Benton area. I have worked with some of the Rangers in that district before, and they were a welcoming group. I would appreciate being considered as a candidate for employment due to my experiences in both the United States Military and as a youth corps member in the Montana Conservation Corps.

I have three years experience as a signal intelligence analyst for the United States Army, and also as a youth I was a part of the MCC, based out of Helena. I am familiar with fencing, reading maps, and conducting a team organized drill. Computer operations, people skills and leadership are only a few of my particular skills. I have a Bachelor's Biological studies, Wildlife Biomedical and a minor in Criminalistics. My ability to work hard and my dedication to a job are what I am best at. I am hardworking and dependable.

Thank you for you time and consideration. I am available Monday through Saturday, 8:00AM-7:00PM at [phone number], or any time via [email address], and I look forward to hearing from you.

Sincerely,
